“We are Listening”

Now Every Citizen has the Power. Yes we are listening! Every common citizen of the city can now complaint, report a grievance or report any suspicious item to their municipal or their constituency head or any of the concerned department in few clicks without even going to the government office or standing in a long queue.

CRAFTED FOR

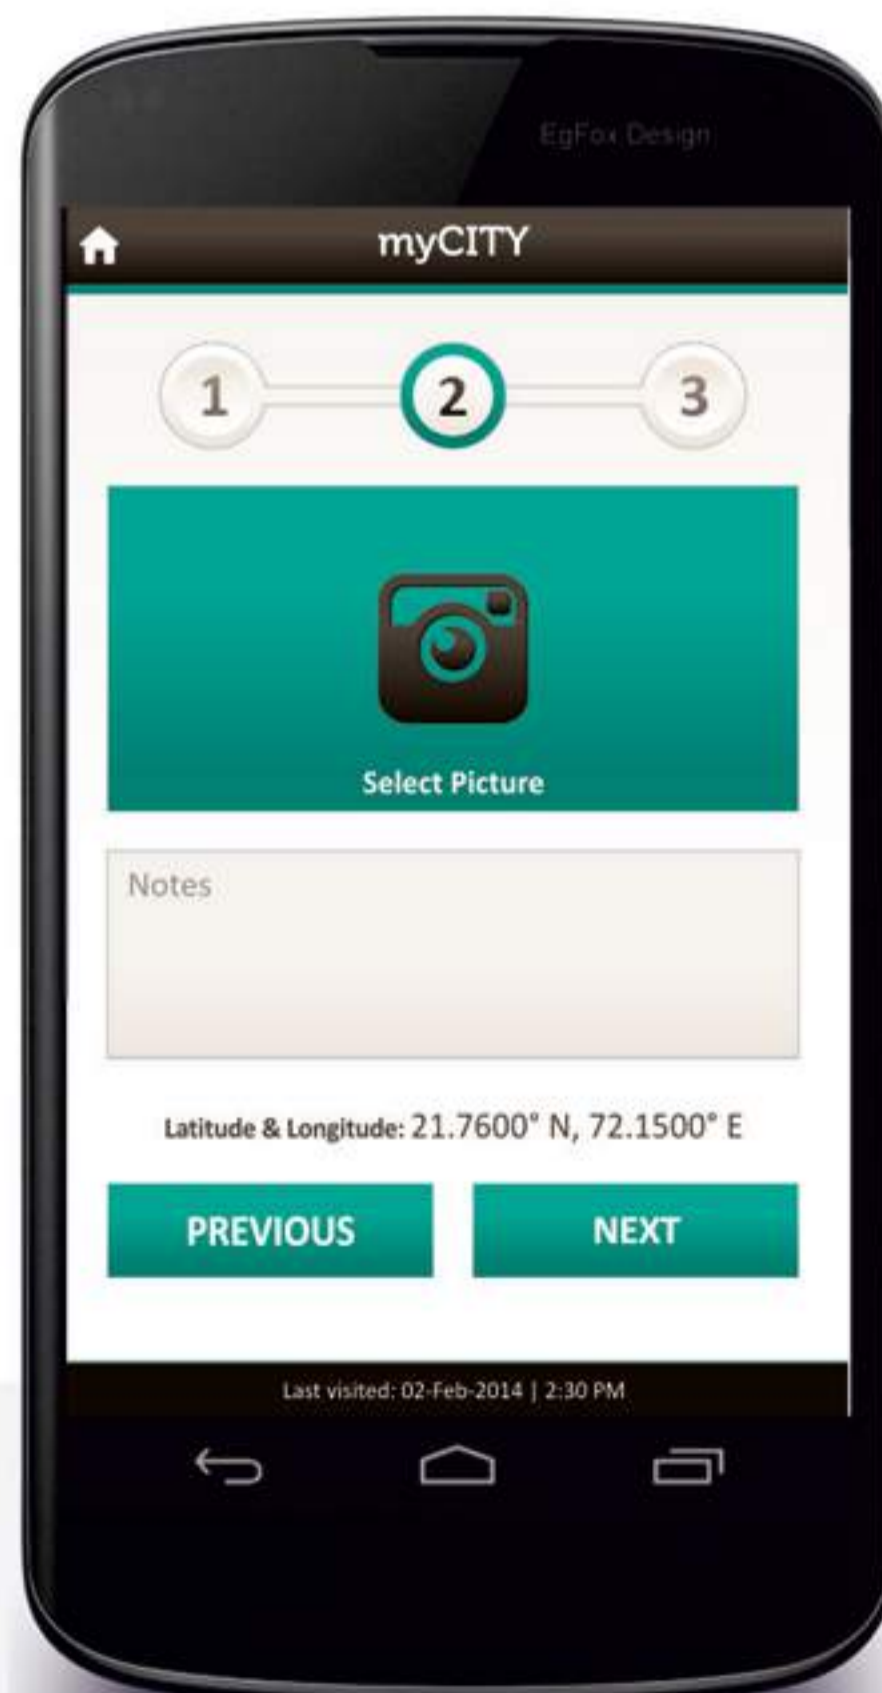

- Municipal Corporation
- MP's & MLA's
- Consulates
- Government Departments
- Security Agencies

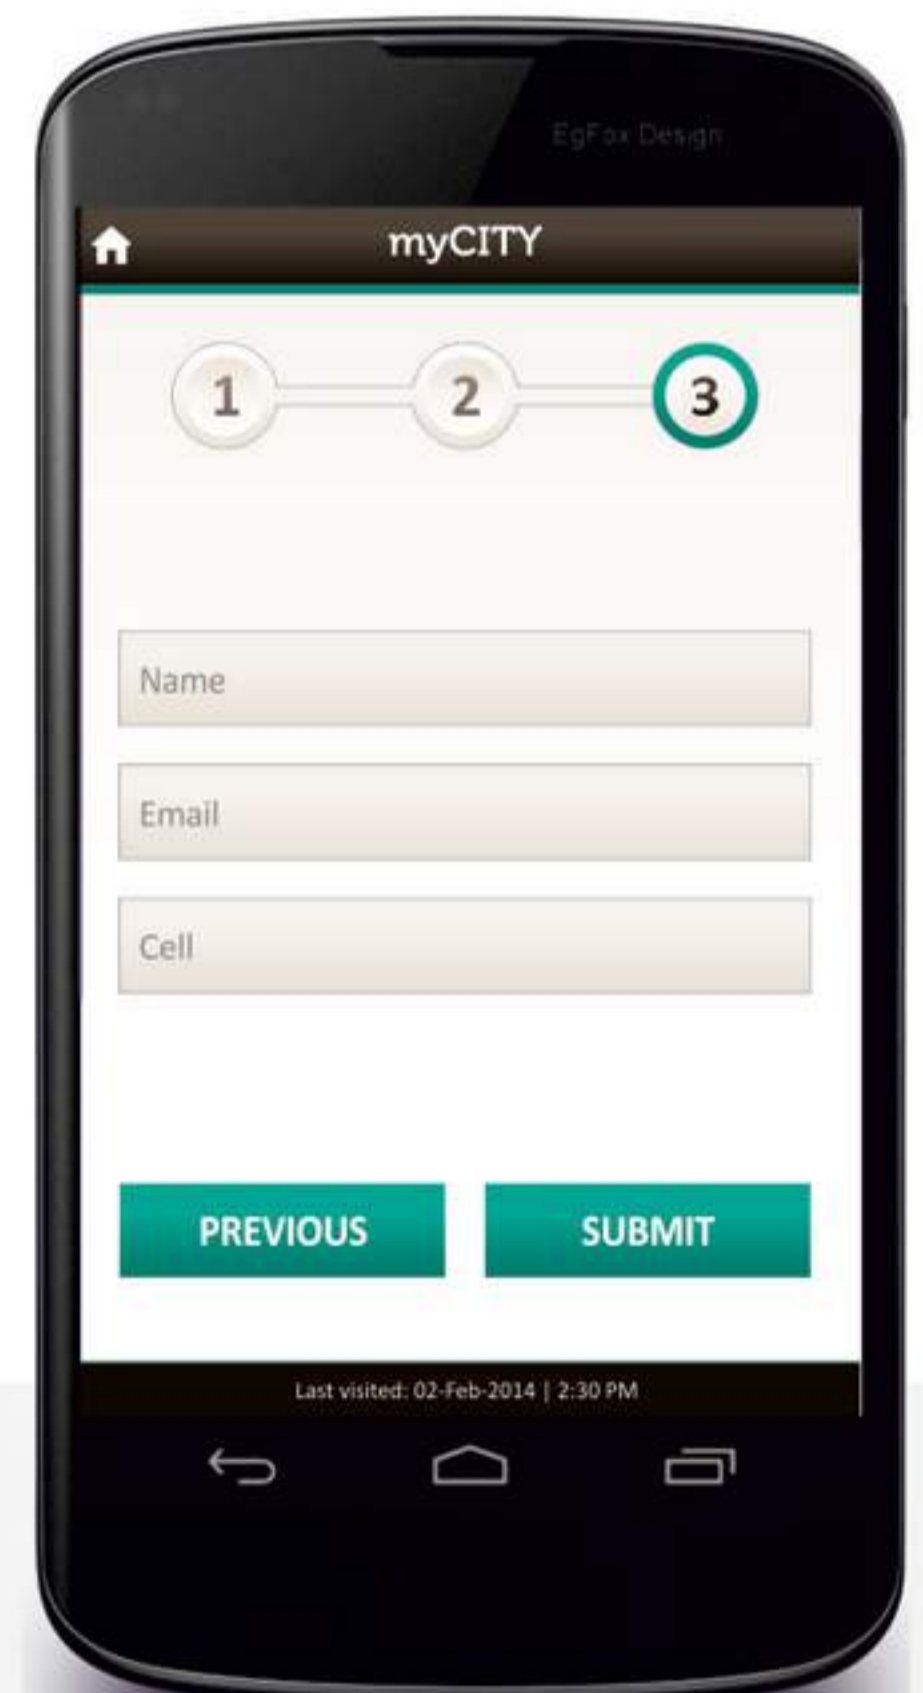

Works Online & Offline

Select concerned department

Click a pic, write notes and capture GPS location

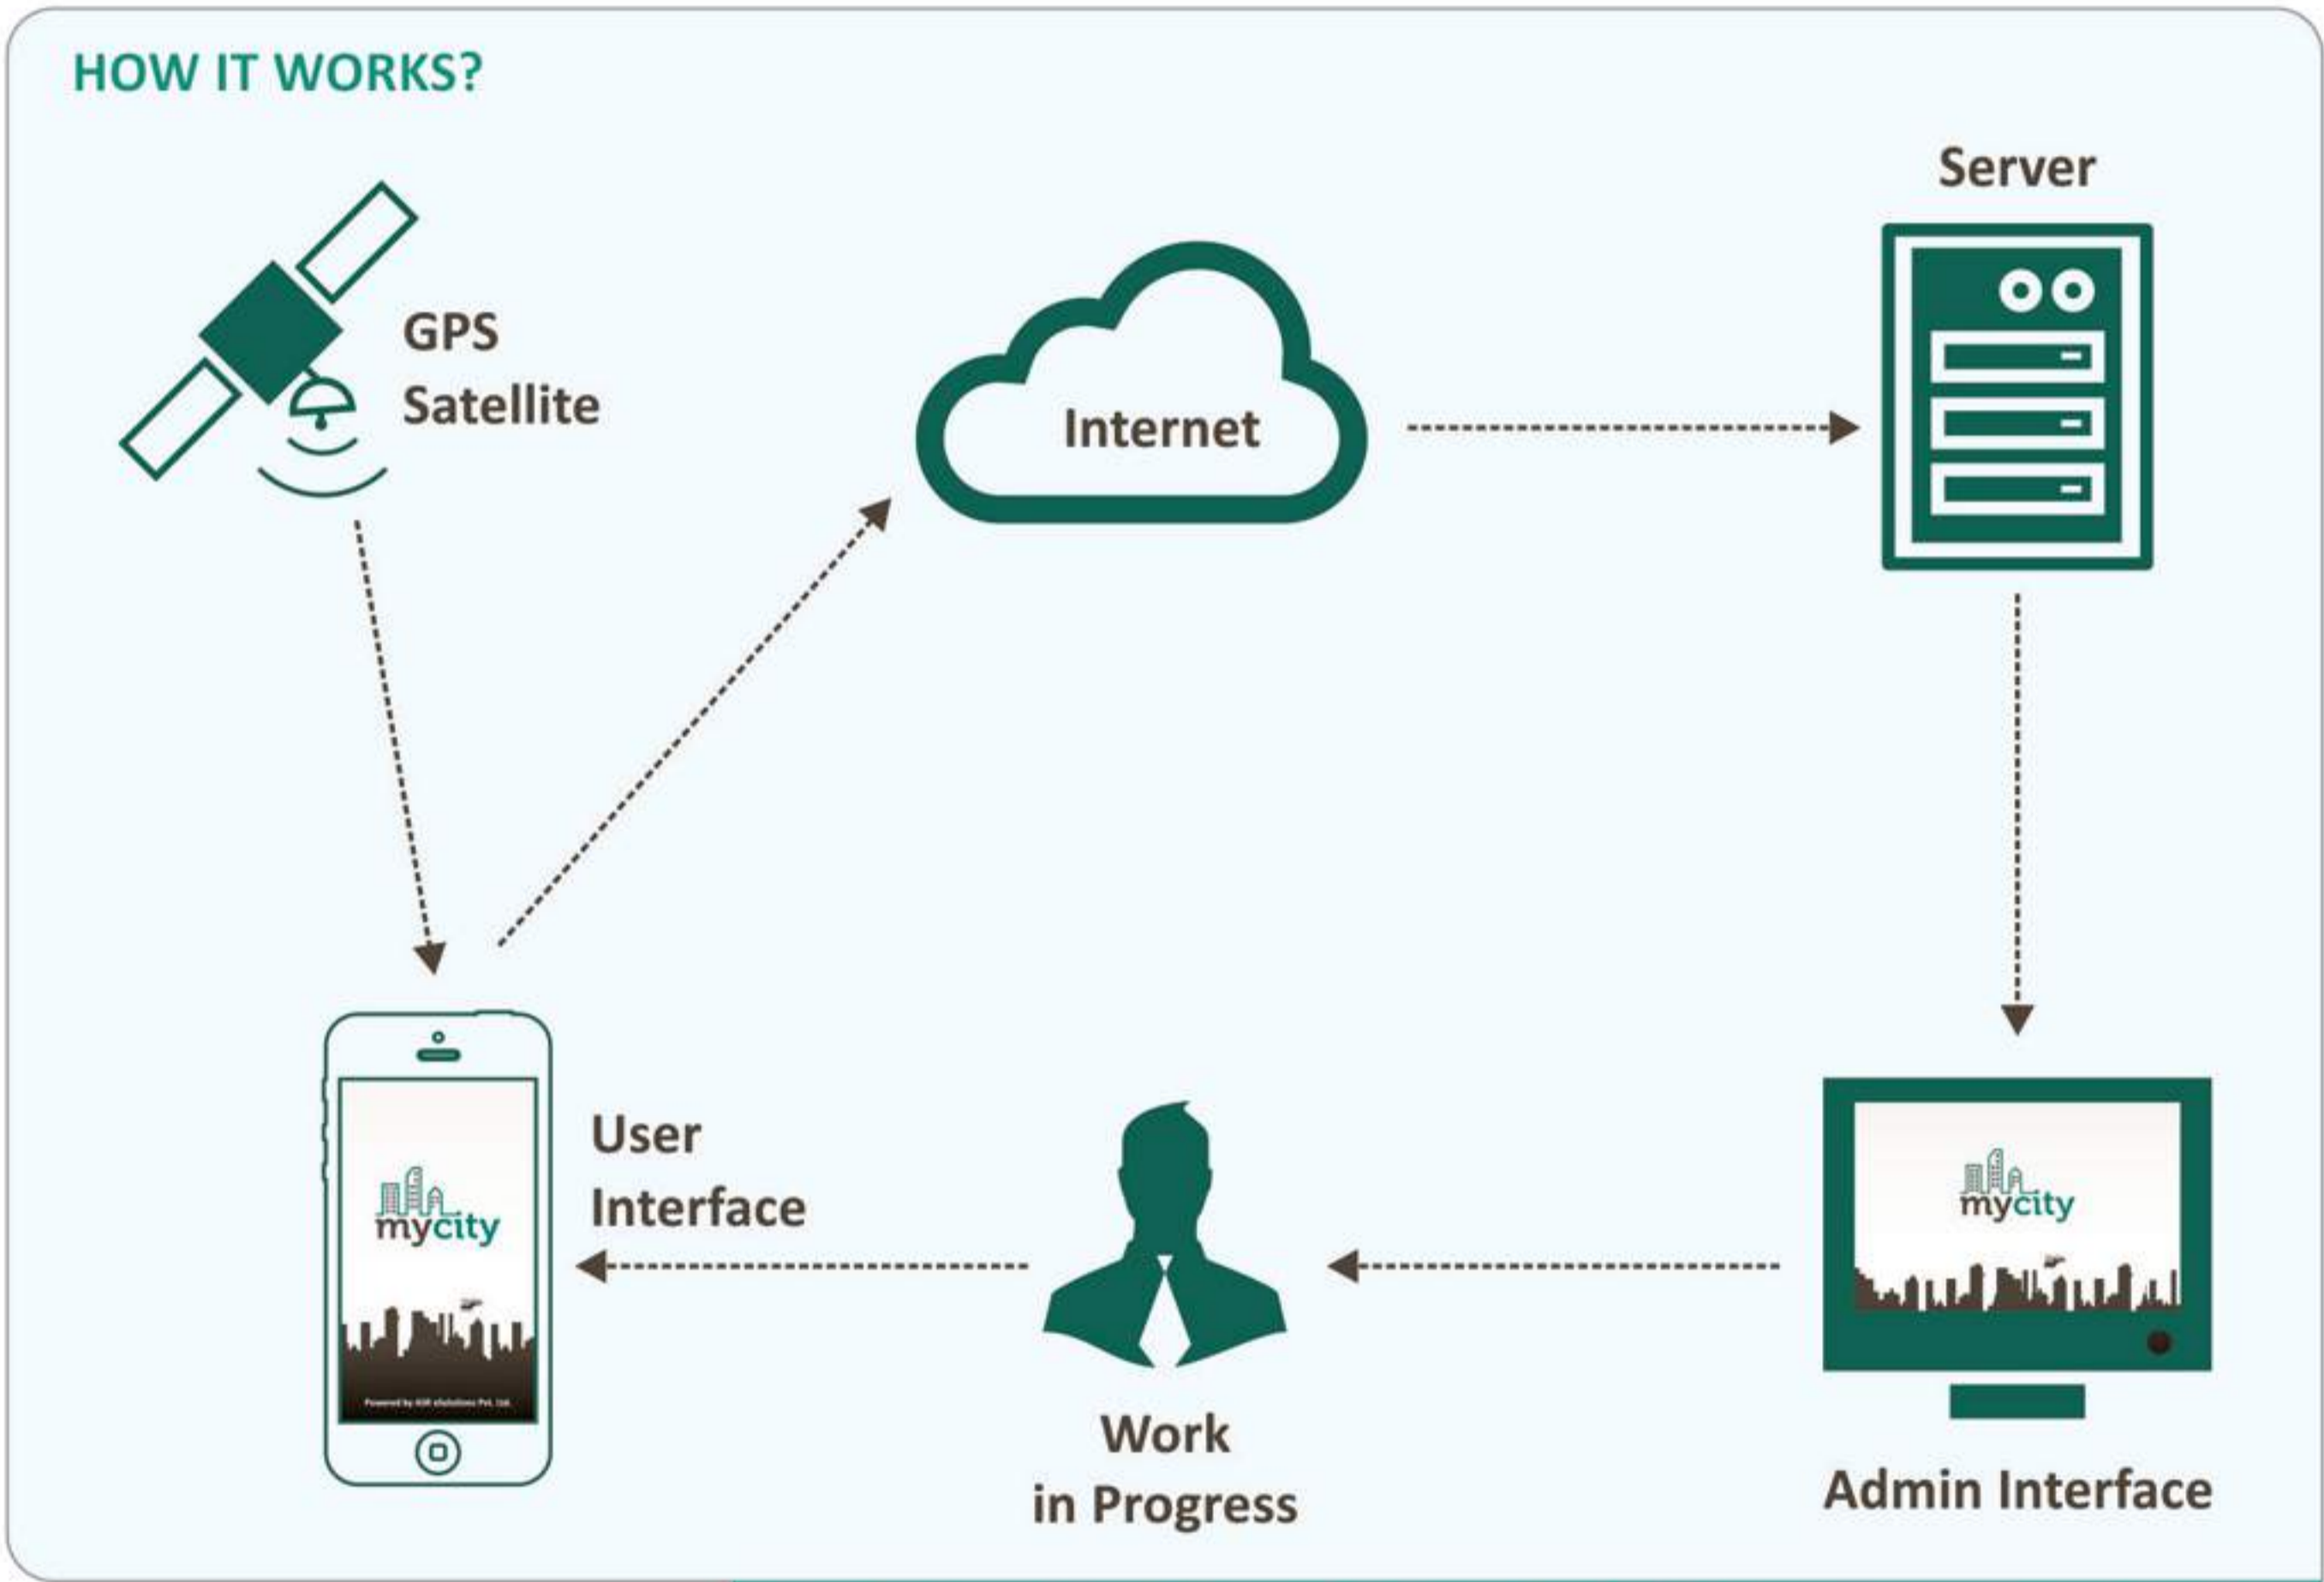

Mention your contact details and Submit

“We are Listening”

GLOBAL POSITIONING SYSTEM

Our solution extracts the benefits of Global Positioning System (GPS) by adding geo-location elements to every incoming information from the citizen. It ultimately results in making the city better, proper service deliveries for people and improved accountability for Municipal & Governments Departments.

No Registration OR Login Required. | We protect your identity.

Easy **2** step Process. | 1. Click a evidence / pic of the problem
2. Write your notes, mention your email id and SUBMIT.
